REFURBISHED EQUIPMENT WARRANTY

All equipment sold is completely refurbished (unless specified as new). Once a signed quotation is received, equipment is placed on the production schedule for refurbishment. To view the refurbish process, check out our website at http://www.bob-weber.com/company_refurb.asp. Equipment will be in excellent operational and cosmetic condition upon shipment and complete with all accessories.

All equipment comes with a 6 months parts warranty!

FREE TECHNICAL SUPPORT

On all equipment purchased from BWI via email, telephone.

MAINTENANCE AND REPAIR SERVICES

Technicians are available for telephone troubleshooting:
 8 am - 4:30 pm EST, Monday - Friday

Imagesetter & RIP Repair Service at BWI Offices
 \$ 160. per hour - 3 hour minimum

On-Site Installation & Repair Service: within U.S.
 Travel time: \$ 120. per hour (*\$1,000./day maximum*)
 Field Service: \$ 175. per hour

WEBEX - Remote Diagnostics Service

Our technician interacts with your computer via the internet to diagnose and correct problems.

Rates are \$ 75. for first 15 minute interval, then \$25. per each 15 minutes thereafter.

PARTS

BWI carries parts for many different manufacturers/models. Please have the part name and number available when you call / fax / email. Parts not available used, can often be purchased new from the manufacturer.

Parts are sold on a non-exchange basis unless specified otherwise.

-- ALL EQUIPMENT IS IN OUR INVENTORY, BUT SUBJECT TO PRIOR SALE
-- PRICES ARE UPDATED WEEKLY ON OUR WEBSITE AND ARE SUBJECT TO CHANGE

Mfgr	Model	Year	Laser	Plates	PPH	Media	DPI	Price	Features	Includes	Options	Inv#
Metal Plate - VLF (Very Large Format)												
Agfa	Xcalibur VLF 60/OLP	4/2002	48 diodes - Thermal	22.2 x 17.7 min. to 60 x 50" max. plate size	9 full size PPH	Thermal aluminum plates, 8 to 20mil	1200/2400 dpi	\$47,500.00	Very large format platesetter with semi-automatic "over and under" design allows for plate loading while another plate is being imaged or unloaded. Small footprint and daylight loading.	Platesetter with feed table, conveyor, online processor, Odyssey with platform, chiller, documentation and Parts Warranty.		81864623
Metal Plate - 8 UP												
Agfa	Avalon LF - Universal		Violet GLV Laser - 400 nm	9.8 x 12.2" min. up to 45.7 x 32.2" max. plate size	15 PPH - Standard	Azura Plates	1200 & 2400 dpi	\$65,000.00		Platesetter, conveyor, Azura C125 processor, PrintDrive with platform, Azura C120 clean out unit, stacker, chiller, documentation and Parts Warranty.		81854933
Agfa	Xcalibur 45XT/Autoloader System	5/2004	Thermal - GLV Laser - 360 channels	17.72 x 9.84" min. to 45.66 x 32.29" max. plate size	25 plates per hour	Thermal aluminum plates - 6 to 16 mil	1200 & 2400 dpi	\$50,000.00	GLV laser technology. System is fully automatic with slip sheet removal. Includes plate manager with four cassettes each holding up to 50 plates and an online processor. Daylight loading. Compatible with Thermostat plates. Includes all standard manufacturer accessories.	Platesetter with Plate Manager system and four cassettes, Merlin 33 chiller, conveyor, Autolith TP 85 online plate processor with G&J chiller - basket - water panel, Quatro AF 400 Air Unit, PrintDrive Ser.3/PC, Odyssey/2.8 ghz/1.3 gb RAM/WIN 2000 PRO, documentation and Parts Warranty.	Click here to view additional Platesetter Options. Add \$2,500 for PDF RIP Series 3 with platform; add \$15,000. for Apogee X Workflow RIP Ver.3.5 and platforms.	81859086
Agfa	Galileo VS / Autoloader Package	2001-2003	Violet - 5 mW, 410 nm; Silver only	17.72 x 14.5" min to 44.5 x 32.29" max. plate size	17 plates per hour @ 2400 dpi	Aluminum plates: 6 - 12 mil	1200, 1800, 2400 dpi	\$27,500.00	Fully automated computer to plate system. Features daylight operation with 2 bin PlateManager; Automatic plate placement when imaging for accurate plate-to-plate registration, and adjustable pin positioning. Includes all standard manufacturer accessories.	Platesetter, Odyssey/PC, PlateManager/autoloader, 3 cassettes - small/med./large, "L" bridge conveyor, LP82 online processor, PrintDrive Ser.3 and PDF RIP + platforms, documentation and Parts Warranty.	Click here to view additional Platesetter Options including platestackers!	81824679 / 81824680
Agfa	Galileo VS System	2000 - 2001	Violet - 5 mW, 410 nm; Silver only	17.72 x 14.5" min. to 44.5 x 32.29" max. plate size	17 plates per hour at 2400 dpi	Aluminum plates: 6 - 12 mil	1200, 1800, 2400 dpi	\$22,500.00	Manual, features high throughput speed; fast imaging speeds, yellow safelight-loading, automatic plate placement when imaging for accurate plate-to-plate registration. Includes all standard manufacturer accessories. Compatible with silver plates --- complete system!	Platesetter, Odyssey/PC, PrintDrive Series 3 with platform / PDF RIP Series 3 with platform, LP82 Ultra offline processor, documentation and Parts Warranty.	Click here to view all Platesetter Options including platestackers.	81826743 / 81826745
Creo	Lotem 800 II Quantum Package	2004	Thermal - 830 nm; 2312 Laser Hours -- 40 Watt Square Dot	18 x 15" min. to 44.5 x 35.6" max. plate size	15 PPH	Thermal aluminum plates, 8 to 16mil; processless plates	2400 dpi	\$40,000.00	Features the Quantum Creo/Kodak 40 Watt fast laser head in the automated Lotem Platesetter. Includes automatic load and automatic slip sheet removal, one load cassette, fast speed, daylight operation, square spot laser head and dynamic drum balancing. Additionally, processless plates can be used.	Platesetter, Universal Debris Removal Cabinet, cassette and trolley, Brisque2 RIP with PC, documentation and Parts Warranty	Add \$2,500. for choice of punches in BWI stock. Click here to view all Platesetter Options.	85823102
Creo	Lotem 800 II / Multiple Autoloader Package	11/2004	Thermal - 830 nm	18 x 15" min. to 44.5 x 35.6" max. plate size	15 PPH	Thermal aluminum plates, 8 to 16mil	2540 dpi	\$67,500.00	Includes automatic loading and automatic slip sheet removal, multi-cassette autoloader (holds up to 5 cassettes which each have a maximum capacity of 100 plates), daylight operation.	Platesetter with air regulator, MCU III - multi-cassette autoloader, Universal Debris Removal Cabinet, Brisque Expose RIP with PC, documentation and Parts Warranty	Add \$2,500. for choice of punches in BWI stock. Click here to view all Platesetter Options.	85824520
Creo	Lotem 800	Factory Refurb' d 2006	Thermal - 830 nm; 24 diodes	25.6 x 19.3" min. to 44.5 x 35.6" max. plate size	10 PPH	Thermal aluminum plates; 8 - 16 mi; processless	1524 - 3566 dpi, cont. variable	\$30,000.00	Factory refurbished in 2006! Features universal debris removal, and Tiff catcher for third party RIPs. Will also expose processless plates!	Platesetter, universal debris removal cabinet, Tiff Catcher with platform, one cassette, documentation and Parts Warranty.	Add \$2,500. for choice of punches in BWI stock; Click here to view all Platesetter Options.	85824532

Metal Plate - 8 UP												
						plates						
Creo	Trendsetter 800 Quantum		Thermal - Square Spot - 40 watt Fast; Laser Hours: 872	15.5 x 13" min. and 45 x 33" max. plate size	13 plates / hour	Standard thermal IR aluminum plates, processless plates	2400 dpi	\$42,500.00	Semi-automatic operation and Quantum 40 watt fast laser head. Easy maintenance and superior image quality. Laser Hours: 872 - very low! Will expose processless plates!	Platesetter, documentation and Parts Warranty.	Add \$ 6,750. for new Xitron Harlequin RIP v.8.x loaded on new Intel Core 2 Duo Computer. Add \$8,000. for a new Xitron Navigator GPS RIP v.8.x loaded on a new PC; Click here to view all Platesetter Options.	85814650
Creo	Trendsetter 3244 - 40 watt	7/1999	Thermal - 40 Watt Laser hours: 1046	15.5 x 13 to 33 x 44	Throughput of 8 plates per hour @ 2400 dpi	Thermal aluminum plates, 8 to 16mil	1200, 2400 dpi	\$35,500.00	Daylight operation, manual load. Laser hours: 1047. Will expose processless plates!	Platesetter, external chiller, documentation and Parts Warranty.	Add \$2,000. for a Tiff Catcher; click here to view all platesetter options.	85814698
Creo	Trendsetter 3244 - 40 Watt	8/1999	Thermal - 40 watt, Laser hours: 1285	15.5 x 13" min. to 33 x 44" max.	Throughput of 8 plates per hour @ full size	Thermal aluminum plates, 4 to 15 mil; processless plates	1200 & 2400 dpi	\$33,500.00	Features daylight operation and manual load. TS imaging speed includes load time (approximate.) Laser Hours: 1285 Will expose processless plates.	Platesetter, chiller, documentation and Parts Warranty.	Add \$2,000. for Tiff Catcher; add \$6,750. for new Xitron Harlequin RIP Ver.8.0x / new PC to drive platesetter directly; add \$ 2,500. for Navigator RIP Manager option; Click here to view all Platesetter Options.	85814707 / 85814766
Creo	Trendsetter 3244 - 40 Watt	4/1998	Thermal - 40 watt, Laser hours: 1700	15.5 x 13" min. to 33 x 44" max.	Throughput of 8 plates per hour @ full size	Thermal aluminum plates, 4 to 15 mil; processless plates	1200 & 2400 dpi	\$31,000.00	Features daylight operation and manual load. Laser Hours: 1700 40 watt head will expose processless plates.	Platesetter, documentation and Parts Warranty.	Add \$2,000. for Tiff Catcher; Click here to view all Platesetter Options.	85814723
Heidelberg	Prosetter 102	10/2002	Violet - 30mW	20.08 x 15.75" min. to 31.93 x 41.54" max. plate size	12 plates per hour @ 2540 dpi	Aluminum or photopolymer metal plates: 6 - 12 mil	2400, 2540, 3200, 3386 dpi	\$30,000.00	Semi-automatic, yellow safe-light handling. Capable of handling silver halide or photopolymer metal plates. Includes all standard manufacturer accessories.	Platesetter, Metashooter with PC, documentation and Parts Warranty.	Click here to view additional Platesetter Options including platestackers.	83823420
Screen	PTR 8800 / MAL Autoloader	5/2004	Thermal - 512 channel with GLV Technology, Laser Hours: 3455	17.7 x 14.5" min. to 45.6 x 37" max. plates size	30 plates per hour @ 2400 dpi	Thermal plates, processless plates	1200, 2400, 2438, 2540	\$87,750.00	Fully automatic, daylight operation. Features multiple autoloader with 3 cassettes holding 100 plates each for automatic loading, automatic interleaf paper removal, newer laser technology - 512 channel GLV imaging head, large memory buffer, increased speed, and auto-balance. Includes all standard manufacturer accessories. Will expose processless plates.	Platesetter, multiple autoloader with 3 cassettes, interleaf collection box, vacuum/blower, chiller, documentation and Parts Warranty.	Add \$ 8,000. for new Xitron Navigator GPS RIP v.8 pre-loaded on new PC; add \$4,000. for conveyor to OLP; add \$3,500. for tiff catcher; Add \$2,500. for Komori plate punches; Click here to view additional Platesetter Options including platestackers.	88825375
Screen	PTR 8600 / Multi-Autoloader	2006	Thermal - 64 infrared laser diodes: Laser Hours - 659	17.8 x 14.6" min. to 45.6 x 37" max. plate size	22 plates per hour @ 2400 dpi	Thermal plates- 6 to 12 mil; processless plates(at reduced speed)	1200, 2400, 2438, 2540	\$76,500.00	Fully automatic - daylight operation. Features advanced external drum design, automated clamping and vacuum system, auto-balance, additional speed, and a multiple autoloader with 3 cassettes to hold 100 plates each for automatic loading and interleaf paper removal. Includes all standard manufacturer accessories. Will also expose processless plates. Low - low laser hours of 659!	Platesetter, vacuum, MA-L 8800 with 3 cassettes, interleaf collection box, plate turner, plate stacker, documentation, and Parts Warranty.	Add \$8,000. for new Xitron Navigator GPS RIP v.8.x pre-loaded on new PC; add \$3,500. for tiff catcher; add \$2,500. for Komori plate punches; add \$4,000. for conveyor to processor; add \$1,300. for spare laser diodes that are new! Click here to view additional Platesetter Options including platestackers.	88824815
Screen	PTR 8600 / Single Autoloader	2006	Thermal - 64 infrared laser diodes: Laser Hours - 659	17.8 x 14.6" min. to 45.6 x 37" max. plate size	22 plates per hour @ 2400 dpi	Thermal plates- 6 to 12 mil; processless plates(at	1200, 2400, 2438, 2540	\$65,250.00	Fully automatic - daylight operation. Features advanced external drum design, automated clamping and vacuum system, auto-balance, additional speed, and a single autoloader with 1 cassette to hold	Platesetter, vacuum, SAL with 1 cassette, interleaf collection box, plate turner, plate stacker, documentation, and Parts Warranty.	Add \$8,000. for new Xitron Navigator GPS RIP v.8.x pre-loaded on new PC; add \$3,500. for tiff catcher; add \$2,500. for Komori plate punches; add \$4,000. for conveyor to processor;	88824815

Metal Plate - 4 UP												
Agfa	Palladio /OLP System	7/2002	Violet - 410 nm - 5 mw laser	11 x 17.72" min. to 25 x 29.68" max.	20 plates per hour @ full size	Aluminum plates (violet sensitive): 6 - 12 mil	1200, 2400, 3000 dpi	\$22,500.00	Fully automatic! Automatic loading cassette with 50 plate capacity and automatic interleaf removal, utilizing flatbed technology. Small footprint. Complete system including new Harlequin RIP pre-loaded on PC. Compatible with silver plates.	Platesetter, LP Ultra 82 online plate processor, one cassette + autoloader, new Xitron Harlequin V.8.x RIP pre-loaded on new PC, documentation, and Parts Warranty.		81844840
Agfa	Palladio / OLP System	8/2003	Violet - 410 nm - 5 mw laser	11 x 17.72" min. to 25 x 29.68" max.	20 plates per hour @ full size	Aluminum plates (violet sensitive): 6 - 12 mil	1200, 2400, 3000 dpi	\$20,000.00	Fully automatic! Automatic loading cassette with 50 plate capacity and automatic interleaf removal, utilizing flatbed technology. Complete system including Tiff catcher, RIP and OLP. Compatible with silver plates.	Platesetter, LP68 Ultra online plate processor, one cassette for automatic loading, PrintDrive Series 2 V.2 / PDF Series 3 RIP / platforms, documentation and Parts Warranty.		81844548
basysPrint	UV-Setter 57 Z / Autoloader System	2003	Dual 360 - 450 nm UV Light Source (DMD)	18.5 x 12.4" min. to 27 x 37" max. plate size	Dependent upon plate size	Conventional offset printing plates - 5 -20 mil	900 dpi	\$49,000.00	Automatic loading - features 1,300,000 micromirrors each 2 cm2 for high quality images. Flatbed vacuum design - fully automated with autoloader plate magazine to hold up to 500 conventional printing plates combined with automatic interleaf removal and auto-plate unload. Built-in tiff catcher! Used just two years!	Platesetter with built-in tiff catcher, plate magazine with 2 cassettes and unloader, also includes required preparation for export, and documentation.	Add \$ 3,500. for Xitron Tiff RIP.	86847249
CreoScitex	Thermoflex 2630 Package	2003	Thermal Laser - 830 nm; diode array - 48 diodes	26 x 30" max. plate size, .027 - .126" thick	3 - 4 PPH @ full size	Digital ablative flexo plates	1524 - 3048 dpi continuously variable	\$50,000.00	Great for package printers! Flexo platesetter with Workflow utilizing a laser module similar to that used in the Trendsetters. Convenient plate loading and consistent productivity to accommodate a wide variety of plate sizes and thicknesses.	Platesetter, Prinergy Powerflex Workflow with platform, documentation, and Parts Warranty.		85874507
Kodak	Magnus 400 F	2/2008	Thermal	9 x 12.25" min. to 29.5 x 26.77" max. plate size	21 PPH @ 2400 dpi (28.5 x 26.8 plate size)	Thermal aluminum plates - 6 to 12 mil; processless plates	Continuously variable: 2024 - 3048 dpi	\$47,500.00	6 up drum size, continuous variable resolutions, semi-automatic loading, and a small footprint. Includes all standard manufacturer accessories. Will also expose processless plates.	Platesetter with load and exit tray, Tiff Catcher, universal debris removal cabinet, documentation, and Parts Warranty.	Add \$2,500. for online bridge; click here to view additional Platesetter Options including platestackers.	85833377
Kodak	Magnus 400 S / RIP	3/2007	Thermal	9 x 12.25" min. to 29.5 x 26.77" max. plate size	16 PPH @ 2400 dpi (28.5 x 26.8 plate size)	Thermal aluminum plates - 6 to 12 mil; processless plates	Continuously variable: 2024 - 3048 dpi	\$42,500.00	6 up drum size, continuous variable resolutions, semi-automatic loading, small footprint, and debris removal. Includes all standard manufacturer accessories. Will also expose processless plates.	Platesetter with load and exit tray, monitor/keyboard/mouse, air regulator, UDRC, Prinergy EVO RIP v.3.2.6.0 loaded on Dell PE 840 PC, documentation, and Parts Warranty.	Click here to view additional Platesetter Options including platestackers.	85835280
Creo	Lotem 400V Package		Thermal - 24 diodes	15 x 12.5" min. up to 29.5 x 24.5" max.	16 plates / hour @ full size	Thermal aluminum plates - 6 to 12 mil	1524 - 3556 dpi continuously variable	\$22,500.00	Features a small footprint, continuous load feature for semi-automatic loading, and Brisque Impose RIP (Tiff Catcher). Comes standard with all manufacturers accessories. Will expose processless plates.	Platesetter, Brisque Impose V.5 RIP and platform, documentation and Parts Warranty.	click here to view all Platesetter Options.	85824930
ECRM	Mako 4 CTP	2005	Violet - 60 mW	8.9 x 9.9 to 25.4 x 37.8	20 plates per hour @ 2540 dpi (24 x 30 size)	Violet sensitive photopolymer metal plates; 5.5 - 12 mil	3556 dpi	\$35,000.00	Small footprint -- for photopolymer metal plates! Includes Tiff Catcher.	Platesetter with pin bars, CT Server software with dongle and computer (Tiff Catcher), documentation and Parts Warranty.	Add \$ 3,500. for Xitron Tiff RIP.	87844857
Fuji	Saber V 6E - Manual	2006	Violet - 60mW	10.96 x 15" min. up to 19.65 x 27" max. plate	10 PPH @ 2400 dpi	Photopolymer aluminum plate: 6 - 8 - 12	1200 & 2400 dpi	\$27,500.00	Manual single plate loading, touch screen controls. Compatible with Fuji Brillia plates.	Platesetter, documentation and Parts Warranty.	Add \$3,500. for new Eagle RIP. Click here to view additional Platesetter Options.	88874626

Platesetter Options -- Autoloaders												
Agfa	Single Autoloader - 4 up							\$5,000.00	Single cassette autoloader for Agfa Acento -- model L50 -- without cassette. 50 plate capacity.	Autoloader only.		88917992
Screen	Single Auto Loader - SAL 4000 - 4 up							\$7,500.00	Single 100 plate cassette for automatic loading of plates to 4 up Screen or compatible platesetters. Automatic interleaf removal. Model 4000.	Autoloader, plate cassette with carrier, and interleaf paper collection box.		88916840/8817808
Screen	Single Auto Loader - SAL 8100 - 8 up							\$6,500.00	Single 50 plate capacity cassette for automatic loading of plates to Screen PTR 8 up (or compatible 8 up Fuji platesetters.) Model 8100. Does not support slip sheet removal.	Autoloader with one plate cassette.		
n/a	Multiple Auto Loader - MAL 8800 -8up							\$25,000.00	Multiple cassette (5) capacity autoloader (100 plates each cassette) for automatic loading of plates to Screen PTR 8 up (or compatible 8 up Fuji and Heidelberg platesetters.) Includes 3 cassettes. Automatic interleaf removal.	Autoloader with 3 cassettes, and interleaf collection box..		88826309
Platesetter Options -- Cassettes												
Agfa	Xcalibur 45 VLF Cassette							\$1,000.00	Extra cassette for the VLF Xcalibur 45.	One cassette.		81867796
Agfa	Xcalibur 45 Cassette							\$1,000.00	50 plate capacity - for use with plate manager option.	One cassette.		
Agfa	Palladio Cassette							\$1,500.00	50 plate capacity.	One cassette with trolley.		81846548
Agfa	Galileo Cassette							\$1,000.00	Holds minimum of 50 plates.	One large cassette.		81825271/ 81825273 /81827501
Creo	Lotem Cassette							\$1,500.00	Cassette holds up to 100 plates with trolley for transporting.	One cassette and one trolley.		85825545 / 85825546 / 85896039
Fuji	PT-R Cassette for SAL							\$2,000.00	Cassette holds up to 100 plates with trolley for transporting. For use with Fuji Javelin or Screen PTR 8000.	One cassette and one trolley.		88926314
Fuji	Cassette for V9600							\$1,500.00	Cassette only. For use with Fuji V9600.	One cassette.		
Platesetter Options -- Punches												
Komori	Punch							\$2,500.00	Punches to punch plates for use on Komori Press. Compatible with Screen PT-R series and Heidelberg Topsetters.	Set of punches for platesetter.		85896036
Heidelberg	Punch							\$2,500.00	Punches to punch plates for Heidelberg press. Compatible with Screen PTR series and Heidelberg Topsetters.	Set of Heidelberg punches for platesetter.		85896037
Ryobi	Punch							\$2,500.00	Set of punches to punch plates for Ryobi press. Compatible with Screen PTR series and Heidelberg Topsetters.	Set of Ryobi punches for platesetter.		
Creo	Lotem Punches - Dual							\$2,500.00	Variety of dual punches available for Lotem - call for details.	Pair of punches.

Platesetter Options -- Punches												
Creo	Lotem Punches - Single							\$1,750.00	Variety of single punches available for Lotem - call for details.	One punch.		
Agfa	Avalon Punches							\$0.00	Variety of single and dual punches available for Avalons - call for details. Single punches are \$1,750. and dual punches are \$2,500.	Single or dual punch.		
Platesetter Options -- RIPs / RIP Interfaces												
Creo	Creo Recorder / Print Console Interface (CRI)							\$4,000.00	Takes 1 bit Tiff from a third party RIP and outputs to a Trendsetter.	Print console software, Tiff downloader software, and platform.		
Creo	Creo Recorder / Print Console Interface (CRI)							\$2,500.00	Print console software and platform.	Print console software, and platform.		
Heidelberg	Delta Tower							\$1,500.00	Interface to Trendsetter.	Delta tower only.		83315930
Xitron	Raster Blaster							\$3,500.00	Takes 1 bit Tiff from RIP (i.e. Harlequin or Brisque) and outputs to the platesetter. Use with Creo Trendsetters.	USB dongle, software, interface card, cable and computer.		
Xitron	Tiff RIP	New						\$3,500.00	All the same features as the Xitron Harlequin RIP without the interface board. Produces 1 bit Tiffs, native PDF 1.6 support, font emulation, and more!	Dongle and software.	Add \$ 2,500. for Xitron RIP Manager option.	
Xitron	GPS Tiff RIP	New						\$5,000.00	All the same features as the Xitron Harlequin RIP without the interface board, plus it includes the RIP Manager option. Produces 1 bit Tiffs, native PDF 1.6 support, font emulation, and more!	Dongle and software.		
Xitron	Navigator Harlequin RIP	New						\$7,000.00	Software RIP for Windows operating system to drive Fuji Luxel Saber "V" CTP.	Dongle, software and documentation on CD.	See our New Software RIP section for complete list of options available for this RIP. Add \$1,500. for Xitron RIP Manager option with the purchase of a new RIP from BWI. Add \$1,000. for new computer - 2 required.	
Xitron	Navigator Harlequin RIP	New						\$5,750.00	Software RIP for Windows operating system to drive Creo Trendsetters and VLF platesetters, Cymbolic Science PlateJets, Fuji Javelin T9000, Heidelberg TopSetter, Presstek Dimensions, Screen PlateRite (PTR).	Dongle, software and documentation on CD.	See our New Software RIP section for complete list of options available for this RIP. Add \$1,500. for Xitron RIP Manager option with the purchase of a new RIP from BWI. Add \$1,000. for new computer.	
Agfa	PDF 8 UP Workflow Package on Salient Computer System							\$12,500.00	Printdrive Ver.3 and platform; Pilot software and platform; PDF RIP Ver.3 and platform; PDF Poofer and platform -- all for a complete workflow package to drive Agfa 8 up devices.	Printdrive V.3 software, dongle, interface board and P-3 1.133 ghz/2 gb RAM/30 & 75 gb HDs/WIN 2000 SP2 platform; Pilot software, dongle and P-3/1.133 ghz/1 gb RAM/(3) 40 gb HDs/WIN 2000 SP2 platform; PDF RIP V.3 software, dongle and P-3/1.133/2 gb RAM/(3) 40 gb HDs/WIN 2000 SP2 platform; and the PDF Proofer V.3/V.2 software, dongle and INtel Xeon 2.8 ghz/1 gb RAM/(3) 40 gb HDs/WIN 2000 SP4 platform.	(Deduct \$ 3,500. if PrintDrive is included with platesetter.)	75735949

New Software RIPs -- Xitron Proofing Plugins									
Xitron	vDot-4 Proofing Plug-in	-			\$1,000.00	Use the same RIP to drive both your imagesetter or platesetter and proofer to ensure data integrity. Plugin allows output from a Navigator RIP to the - 10 color UltraChrome HDR Ink Epson Stylus Pro 7900 and 9900 printers. vDot is a Xitron exclusive program with a wide variety of features, including TotalProof Certification, color accuracy, Gracol/SWOP/Fogra compatible profiles for Xtiron X! and Epson proofing papers, advanced screening, ability to produce proofs with the same RIP that produces your plates.	Driver for Epson Stylus Pro 7900 and 9900 printers, Epson Variable Dot Error Diffusion Screens, and a library of ICC profiles.		
Xitron	Navigator vDot 3 Epson Plug-in	Yes - n/a	n/a	Windows 2000/2003 or XP Pro	\$1,000.00	Use the same RIP to drive both your imagesetter or platesetter and proofer to ensure data integrity. Plugin allows output from a Navigator RIP to the 8-color Epson UltraChrome printers - Epson Stylus Pro 4880, 7880, 9880 printers. vDot is a Xitron exclusive program with a wide variety of features, including Progressive Proofs that simulate printing a 4-color job on a two-color press; Color Adjustment slider controls, for adjusting color balance; Tiling, to print large jobs in pieces; and Step and Repeat to output multiple copies of a job in one pass. Supports FireWire and USB interfaces. Also includes ColorPro color management and support for ICC profiles. Requires Navigator 6.4 or higher RIP on Windows 2000/2003 or XP Pro, and Navigator 7.0 for the latest Epson UltraChrome printers with Vivid Magenta ink.	Driver for Epson Stylus Pro 4880, 7880, and 9880 printers, Epson Variable Dot Error Diffusion Screens, and a library of ICC profiles.		
Xitron	Navigator vDot II Epson Plugin	Yes - n/a	n/a	Windows 2000/2003 or XP Pro	\$1,000.00	Use the same RIP to drive both your imagesetter or platesetter and proofer to ensure data integrity. Plugin allows output from a Navigator RIP to the 8-color Epson UltraChrome printers - Epson Stylus Pro 4800, 7800, 9800 printers. vDot is a Xitron exclusive program with a wide variety of features, including Progressive Proofs that simulate printing a 4-color job on a two-color press; Color Adjustment slider controls, for adjusting color balance; Tiling, to print large jobs in pieces; and Step and Repeat to output multiple copies of a job in one pass. Supports FireWire and USB interfaces. Also includes ColorPro color management and support for ICC profiles. Requires Navigator 5.5 or higher RIP on Windows 2000/2003 or XP Pro.	Driver for Epson Stylus Pro 4800, 7800, and 9800 printers, Epson Variable Dot Error Diffusion Screens, and a library of ICC profiles.		
Xitron	Navigator vDot Epson Plugin	Yes - n/a	n/a	Windows 2000/2003 or XP Pro	\$1,000.00	Use the same RIP to drive both your imagesetter or platesetter and proofer to ensure data integrity. Plugin allows output from a Navigator RIP to a Epson Stylus Pro 2100, 2200, 4000, 7600, 9600, 10000, or 10600 printer. vDot is a Xitron exclusive program with a wide variety of features, including Progressive Proofs that simulate printing a 4-color job on a two-color press; Color Adjustment slider controls, for adjusting color balance; Tiling, to print large jobs in pieces; and Step and Repeat to output multiple copies of a job in one pass. Supports FireWire and USB interfaces. Also includes ColorPro color management and support for ICC profiles. Requires Navigator 5.5 or higher RIP on Windows 2000 or XP Pro.	Driver for Epson Stylus Pro 2100, 2200, 4000, 7600, 9600, 10000, and 10600 printers, Epson Variable Dot Error Diffusion Screens, and a library of ICC profiles		
Xitron	Navigator vDot Lite Epson Plugin	Yes - n/a	n/a	Windows 2000/2003 or XP	\$825.00	Use the same RIP to drive both your imagesetter or platesetter and proofer to ensure data integrity! Adding this	Driver for Epson Stylus Pro 2100, 2200, 4000 printers, Epson Variable Dot Error

<i>New Software RIPs -- Xitron RasterBlaster</i>									
Xitron	RasterBlaster	RasterBlas	n/a	Windows 2000	\$7,500.00	Raster Blaster outputs screened, raster TIFFs to any of the over 100 recorders and platesetters that Xitron supports. This allows you to manage your workflow in almost infinite configurations. You now have the ability to route RIPped files to virtually any output device. Raster Blaster can be used in conjunction with any manufacturer's RIP which can generate 1-bit Tiff files.	Computer, Xitron Interface card and driver for any of the output devices supported by Xitron (except Trendsetter VLF - see separate listing for pricing.)	Add \$ 1,500. for Trendsetter VLF driver.	
Xitron	RasterBlaster for Creo Trendsetter VLF	RasterBlas	n/a	Windows 2000	\$9,000.00	RasterBlaster allows output to a Creo Trendsetter VLF Platesetter from 3rd party RIPs. Raster Blaster can be used in conjunction with any manufacturer's RIP which can generate 1-bit Tiff files. Raster Blaster channels these screened, rasterized files to the Creo VLF Platesetter.	Computer, Xitron Interface card and driver for Creo Trendsetter VLF platesetter, and cable.

New Software RIPs -- Xitron Xenith Software RIPs									
Xitron	Xenith 4PDF RIP Bundle	- 3		Windows 2000 Server	\$0.00	Xenith 4PDF provides 2 up and 4 up printers (max. output 30 x 30") full control over every job from beginning to end. Automated prepress tasks and cutting-edge technology help to provide everything you need to increase throughput, improve quality, reduce errors, and maximize performance. Features: Adobe PostScript interpreter, Ink Re-mapping, creation of softproofs/contract proofs; imposition proofs/final plates/CP4 data from same file, fully functional PS or PDF processing, automated in-RIP Trapping, dual screening (AM/FM), built-in pre-flighting, monitor and change job from any PC or Mac on your network, automated archival, supports over 150 output devices.	Bundle includes: Pentium Computer Platform, Xenith 4PDF RIP with Trapping, interface board and cable for supported output devices (specify when ordering), on-site installation and training, 3 year phone/email support contract. Call for pricing!		
Xitron	Xenith Extreme RIP Bundle	Xenith Ext	6.x	Windows 2000 Server	\$0.00	Xenith Extreme provides a complete prepress solution that can be integrated with a wide variety of output devices. Xenith Extreme is PostScript Level 3 and fully Adobe Extreme compliant. Features include support for job tickets, in-RIP trapping, postRIP imposition, ROOM and NORM proofing and archiving utilities to save your "virtual film." Also allows an unlimited number of Mac or PC-based clients to view, change, and track any job at any stage from anywhere on your network.	Bundle includes: -Pentium Computer Platform -Xenith Extreme RIP -Interface Board and cable for any of the supported outdevices . Generic Proofer Driver -On-Site Installation and Training -3 year phone/email Support Contract. Call for pricing!	Add \$3,500 for InkJet Proofer Drivers/ColorManagment bundle, which includes proofing drivers for HP 750C, 1050, 1055, 2000, 2500, 3000, 3500, 5000, 5500, and 800, and Epson 7000, 7600, 9000, 9600, and 10600. Also includes color management modules with full support for ICC profiles. Contact BWI for cost for additional training

Mfgr	Model	Year	Price	Features	Includes	Add-Ons	Inv#
Refurbished Densitometers							
Gretag	D200-II		\$500.00	Transmission densitometer for measuring density, contrast, and positive or negative halftone percentages.	Densitometer, power cord, documentation.		78236999/78237000
Tobias	TRX-UB		\$500.00	Combination B & W transmission and reflection densitometer. Hand-held unit, refl. 2.5 D and trans. 6.0 D, computes dot area and density differences.	Densitometer, calibration strips, power cord, and case.		78225364
X-Rite	518	n/a	\$1,250.00	Portable color reflection spectrodensitometer for any 4 color pressroom -- to measure density and density difference, dot area and dot gain with triple reference, print contrast, apparent trap, hue error/grayness, plus more	Spectrodensitometer, manual, and AC adapter	n/a	78214957
X-Rite	361T		\$750.00	Top of the line benchtop transmission densitometer, B & W, measures percentage and density up to 6D	Densitometer, calibration target, power cord, user's guide.	n/a	
X-Rite	DTP41UV	n/a	\$500.00	Autoscan spectrophotometer, east-to-use automated one-button operation. Fast measurements. Measures color patches up to 4" from media edge. Highly accurate. UV filter allows for measuring reflective materials with fluorescing properties.	Spectrophotometer, interface cable, UV filter, calibration standard, and AC adapter.		78215863
X-Rite	DTP41	n/a	\$250.00	Automatic strip reading reflective spectrophotometer for color measurement in applications, high read speed.	Spectrophotometer with interface cable	n/a	78215338/78215530
New X-Rite Densitometers							
X-Rite	PlateScope	New	\$4,900.00	Features plate process control for the latest plate and screening technologies. High resolution measurement capability, accurately detects the edge of dots, USB connectivity. For use with CTP and conventional plates, chemistry-free and processless plates.	PlateScope and QC plate software, documentation.		
X-Rite	iCPlate2 XT	New	\$3,750.00	Delivers a high level of accuracy for standard plate reading. Features high camera resolution, and automatic calibration. Provides more measurement values than the X model (dot area, screen ruling, dot size and screen angle) with more detailed analysis. Supports current screening technologies.	Plate reader, control target and software.		
X-Rite	iCPlate2 X	New	\$2,550.00	Delivers a high level of accuracy for standard plate reading. Features high camera resolution, and automatic calibration. Measures dot area on common metal and polyester plate types plus some processless plates. Supports current screening technologies. Upgradeable to the XT model.	Plate reader, control target and software.		
X-Rite	528	New	\$4,250.00	Portable color reflection spectrodensitometer for any 4 color pressroom -- to measure density and density difference, dot area and dot gain with triple reference, print contrast, apparent trap, hue error/grayness, plus more	Spectrodensitometer, calibration target, manual, AC adapter, carrying case		
X-Rite	518	New	\$2,900.00	Portable color reflection spectrodensitometer for any 4 color pressroom -- to measure density and density difference, dot area and dot gain with triple reference, print contrast, apparent trap, hue error/grayness, plus more	Spectrodensitometer, calibration target, manual, AC adapter, carrying case		
X-Rite	508	New	\$2,400.00	Portable color reflection spectrodensitometer for basic prepress and newspapers -- to measure density and density difference, specialized 4 color newsprint functions, measures dot area and dot gain with triple reference	Spectrodensitometer, calibration target, manual, AC adapter, carrying case		
X-Rite	504	New	\$1,800.00	Portable color reflection spectrodensitometer to measure density and density difference	Spectrodensitometer, calibration target, manual, AC adapter, carrying case		
X-Rite	361-T	New	\$2,750.00	Top of the line benchtop transmission densitometer, measures percentage and density up to 6D for print color management	Densitometer, power cord, calibration target, and manual		
X-Rite	341	New	\$1,200.00	Portable black & white transmission densitometer, measures density and dot area, rechargeable battery	Densitometer, carrying case, battery charger, calibration target, and manual		
X-Rite	QUIKDens	New	\$1,400.00	Entry level densitometer for quick quality control check of the CMYK printing process. Measures density and gray balance.	Densitometer		
X-Rite	DensiEye 700	New	\$2,150.00	Portable reflection densitometer for 4 color CMYK printing. Measures density, dot gain, dot area, trapping, gray balance and print characteristic	Densitometer

New X-Rite Densitometers							
				measurements.			
New Beta Densitometers							
Beta Industries	Ultra Dottie II - Ultimate	New	\$4,250.00	Hi-resolution, portable, halftone analyzer for halftones up to 400 lpi, measures true dot area w/out optical gain. Conventional and Stochastic screening to 10 micron pixels red, green, and blue array of 12 LED's for uniform, shadow-free illumination. Image display and serial data port for downloads. Includes their Plate Quality Software for calibration and, certification and documentation.	Halftone Analyzer, software, and warranty.		
Beta Industries	Ultra Dottie II - Advanced	New	\$3,750.00	Hi-resolution, portable, halftone analyzer for halftones up to 400 lpi, measures true dot area w/out optical gain. Conventional and Stochastic screening to 10 micron pixels red, green, and blue array of 12 LED's for uniform, shadow-free illumination. Image display and serial data port for downloads. Upgradeable to Ultimate model.	Halftone analyzer and warranty.		
Beta Industries	Ultra Dottie II - Basic	New	\$2,300.00	Hi-resolution, portable, halftone analyzer for halftones up to 400 lpi on metal or polyester plates. Features image display and serial data port for downloads. Upgradeable to Advance or Ultimate models.	Halftone Analyzer and warranty.		
Punches							
Screen	PTR Punches		\$2,500.00	Punches for use on Screen PTR 0/Heidelberg Topsetter/Fuji	Set of punches.		
Stoesser	Punch		\$2,500.00	Set of Stoesser punches for the ECRM Stingray 63.	Set of punches.		
Heidelberg	Stoesser Punch		\$1,000.00		Set of Stoesser punches for Herkules imagesetters.		
Agfa	Bacher Punch		\$1,000.00		Set of Bacher punches for Agfa Phoenix imagesetter.		
Heidelberg	Bacher Punch		\$1,000.00		Set of Bacher punches for Herkules imagesetters.		
Used Software							
Soenic Soft	Preps Plus V.5.2 for USB WIN or Mac		\$2,000.00	Software is for USB Windows PC or Mac and is relicensable.	Software, dongle, documentation		78923445
Platemakers / Platebenders / Light Tables							
n/a	Light Table		\$250.00	50 x 70" light table - good condition.
